Intermediate 89% | **CBSE Board**	2012–2014
Jawahar Navodaya Vidyalaya	**Bokaro, Jharkhand**
Matriculation 8.4 CGPA | **CBSE Board**	2012

🔧 Skills

Programming Languages: C++, Core Java
Web Technologies: HTML, CSS
Database Systems: MySQL
Tools: Git, Github, VsCode
Soft Skills: Fast learner, Hard working, Disciplined

🔬 Subject of Interest

- **Object Oriented Programming**
- **Data Structure Algorithm**

⚙ Projects

Customer Segmentation using Machine Learning and Hybrid Model	May 2024

- We developed a customer segmentation framework that combines traditional clustering algorithms with advanced machine learning techniques. By integrating supervised and unsupervised learning, I enhanced segmentation accuracy, enabling personalized marketing strategies and improved customer experiences.

📜 Certifications

- Has successfully completed the Wipro TalentNext Java Full Stack course.
- Got Certified in OOP in C++: Getting Started with Object-oriented Programming by Infosys springboard.
- Got Certified in SQL (Intermediate) by HackerRank.
